

Project Manager

Artis Consulting is a professional services firm dedicated to delivering Business Intelligence solutions that provide the right information, to the right person, at the right time. Focused in three solution areas (Performance Management, Enterprise Reporting and Portals & Collaboration), Artis Consulting leverages unique skills in managing and transforming both structured and unstructured data into information, and information into knowledge for optimal decision making—establishing a competitive advantage for our clients. Founded in 2002, Artis Consulting is based in Richardson, Texas and is a Microsoft Gold Certified Partner with Data Management and Information Worker Competencies.

Position Description:

We are searching for an experienced Project Manager that can demonstrate effective leadership, project management, and problem solving skills to deliver successful BI solutions to our clients. This role requires someone who can communicate effectively with business and technical resources within all levels of a client organization. This person must have good business analysis and critical thinking skills as well.

Position Requirements:

- Conduct business analysis/modeling exercises with the client
- Strong consulting/client facing experience
- Strong written and verbal communications
- Strong interpersonal skills
- A good knowledge of SDLC and methodology
- Ability to gather the appropriate information to determine and manage scope, schedule and cost
- Requirements gathering and documentation skills
- Ability to identify and manage issues and risks
- Data centric BI experience in at least one of the following areas: data warehousing, enterprise reporting, analytical applications, dashboards/scorecards, planning/budgeting/forecasting, portals & collaboration (SQL Server, Cognos, Business Objects, PerformancePoint Server, SharePoint Server)

Qualifications:

1. Must possess exceptional analytical and troubleshooting abilities.
2. Highly motivated individual with strong sense of ownership.
3. Must be proactive with solid organizational and time management skills.
4. Good written and verbal skills.
5. Prior consulting experience preferred.
6. Must be eligible to work in the US.
